Instructions:

1. Cut a 4" strip of red border paper, including the border. Trim the blue border paper along the tan ribbon strip in the border. Glue the ribbon border overlapping the striped border of the red paper. Trim the top of the blue paper then to 12" to make the page 12"x12". Ink the edges of the page.
2. Cut a 2" strip of ivory cardstock. Ink the edges and glue vertically to the background paper. Cut a 3" strip of red cardstock and 4" strip of blue. Ink the edges and overlap the ivory strip.
3. Mat a photo with red cardstock and a large mat of striped paper. Ink the edges and glue to the background. Add a star border Dazzle™ along the striped mat.
4. Back star Dazzles™ with ivory and red and blue star paper from the border papers. Stack with foam tape. Glue around the photo.
5. Mat smaller stars with ivory and add around the larger stars scattered with other star stickers.
6. Add corner stickers to the corners of the page.
7. Print journaling onto ivory cardstock and trim. Ink the edges and mat with red. Glue under the photo. -

Designer Tip: Back the Dazzle stars with different papers and stack with foam tape for dimension.
